

# MICRO-TOUCH<sup>®</sup> DermaClean<sup>®</sup>

Essential Series

## Latex, powder-free, examination glove with excellent grip properties

This non-sterile glove has excellent grip levels making it ideal for healthcare providers who handle instrumentation, test tubes or infusion equipment. Ansell's natural rubber latex formulation ensures a comfortable, well-fitting glove while the smooth chlorinated inner surface facilitates ease of donning.

### KEY FEATURES AND BENEFITS

- Textured outer surface provides an excellent grip in wet and dry conditions
- Smooth inner surface for easy donning
- Low allergenicity latex reduces risk of contact dermatitis due to absence of thiurams

Caution: This product contains natural rubber latex which may cause allergic reactions including anaphylactic responses.

### Recommended For

- Brief, low-risk examination procedures

## MICRO-TOUCH<sup>®</sup> Everyday, Everywhere Protection

MICRO-TOUCH<sup>®</sup> premium medical examination gloves are scientifically designed to complement every need of medical professionals. Sophisticated design features include Ansell ergonomic technologies that ensure comfort during extended procedures, wet grip innovations that prevent harmful mishandling, and micro-thin films for maximum sensitivity. Caregivers who are fully prepared and comfortably protected by versatile MICRO-TOUCH styles have the peace of mind to focus on what matters most: the health and protection of themselves and their patients.
